

Welcome Message to the participants of the Renwex 2021 International Exhibition

RENWEX 2021, International Exhibition for Renewable Energy and Electric Vehicles, is held for the second time. It was rescheduled twice due to the pandemic. As the organisers, we are therefore particularly pleased that this modern, up-and-coming exhibition and convention project will once again be held in its full, large-scale format, despite all the difficulties of the preparations.

The RENWEX exhibition and the accompanying international forum, which made its debut in 2019, immediately resonated in the professional community, making itself known as a necessary and sought-after event for the development of renewable energy in Russia.

EXPOCENTRE AO organises and holds RENWEX 2021 with the support of the Russian Ministry of Energy, Russian Ministry of Industry and Trade, Russia Renewable Energy Development Association, EUROSOLAR Russia Non-Profit Partnership for Development of Renewable Energy, Russian Solar Energy Association, Russian Association of Wind Power Industry and the Russian Union of Exhibitions and Fairs, under the auspices of the Russian Chamber of Commerce and Industry.

It is worth noting that RENWEX 2021 takes place in the Year of Science and Technology and is included in the NTI Expo (Research-Technology-Innovations Expo) project. NTI Expo was established by the Committee on Education and Science of the State Duma of the Federal Assembly of the Russian Federation, the Chamber of Commerce and Industry of the Russian Federation, EXPOCENTRE AO to promote priority tasks in science and technology, educa-

tion, digital economy, industry, transport infrastructure, and energy.

This year, the exhibition will feature technology and equipment for wind, solar, hydro, geothermal power and bioenergy, electric transport and electric cars, and services for installation, adjustment and maintenance of various equipment for the use of renewable energy sources (RES). Leading experts and representatives of relevant agencies will take part in the exhibition and its conference programme.

Let me wish the RENWEX 2021 exhibitors and visitors successful work, fruitful networking, new projects and profitable contracts!

Alexey Vyalkin
Director General
EXPOCENTRE AO
